

## Year 6 Primary School Memories

My favourite memory in Year 6 was going to the Lake District. I really enjoyed the atmosphere and the long walks. I did miss my family but the fun we had made me forget about them. I especially loved jumping stream when Ghyll Scrambling – **Finley B, Y6 pupil at Dereham Church of England Junior Academy**

I loved going to London and visiting the Natural History Museum and the Science Museum. My friends and I really enjoyed writing our names in Morse Code. I also enjoyed going on the earthquake simulator. It was a fun day and it was one that I won't forget in a long time – **Jessica M, Y6 pupil at Dereham Church of England Junior Academy**

My time at Primary school is coming to an end. I have met some extraordinary people along the way. Children and adults, as I'm sure everyone will agree. I have had so many different and amazing experiences to reflect on. I first started Fritcham as the only pupil in my year. Yes, that's right little old me. When I went in to assembly people went 'ahhhh'. I don't know if that was because I was cute or tiny. I had to wait two whole years to have somebody join me in my year. I remember when we went away for two nights at Grafham Waters. I learnt a lot of outdoor skills including making fires, sailing, climbing,

toasted marshmallows and lots more. We also went to London to see our pen pals from Gascoigne (the largest primary school in Britain). They have 1,100 children there and we have 69. Thank you to everybody who helped me along the way. So as I say my final goodbye and start to write my next chapter I will remember the last 7 years for the rest of my life – **Craig W, Y6 pupil at Fritcham Church of England Primary Academy**

Hello, my name is Robert and I am head boy of Sculthorpe Church of England Primary Academy. I've really enjoyed my time at Primary school because it's a lovely, friendly environment. I've made lots of friends at Sculthorpe and thankfully most of them will be going to High School with me. One of the main reasons I like school is because we are always going on wonderful trips. For example we have been sailing and next week we are going to Pleasurewood Hills. I will miss my school and all of the wonderful children, but I'm also looking forward to High School – **Robert B, Y6 pupil at**

**Sculthorpe Church of England Primary Academy (Unity Federation of Primary Church Academies)**

I will always treasure the great friendships I have had throughout my time at Castle Acre – **Nancy, Y6 pupil at Castle Acre Church of England Primary Academy (Nar Valley Federation of Primary Church Academies)**

Our memories at Carbrooke Church of England Primary Academy are;

Reception: Enjoying going on lots of trips,

Year 1: Being the first class to go to Forest school where we made stick men and climbed trees.

Year 2: Making projects and having fun before Miss Ingram left

Year 3: Learning about Egypt and lots of school trips

Year 4: Making a music CD, 'Waiting For Christmas' and performing it at Wayland High School

Year 5: Making a great party for Mrs Haslem when she was leaving our school

Year 6: Making water rockets with all kinds of materials

**By Kayleigh, Tilly and Paige, Y6 pupils at St Peter & St Paul, Carbrooke Church of England Primary Academy**

One of the memories I have of my time at Thomas Bullock Church of England Primary Academy is the time when I got 1 minute 38 seconds in Fast Learning. Fast Learning is filling in a grid of 100 multiplication questions. You have to get them all right, be accurate and be as fast as you can. If you answer them in 1 minute 40 seconds means you answer 1 per minute. I answered them in 0.98 seconds! That means I am fast and accurate and I am very proud of my achievement! – **By Tamar L, Y6 pupil at Thomas Bullock Church of England Primary Academy**

My memory I would like to share with you is about Year 6 SATs. In the months leading up to SATs Beech class worked really hard to master all of our subjects. We are still waiting for our results but hopefully the hard work has paid off – **By Thomas W, Y6 pupil at Cawston Church of England VC Primary School**

The ups, the downs, all of it! What a rollercoaster ride our time at Kessingland has been. Full of laughter, mischief, adventure, friendship and learning! But now it's time to hop off this ride and begin a new one. Everyone's so excited about High School but equally sad to say goodbye to Primary school. I remember when we had the House Captain elections – at the beginning we had no idea how to write a speech or who would become a House Captain! I also remember Hands on Heritage where we lived like Saxons for two days; we stayed around the campfire until twelve o'clock! Who can forget Christmas around the world? Each class learnt about a different country and how they celebrate Christmas. There was Africa, China and Russia just to name a few countries. Then there was the finger Spell-athon when we learnt how to sign the alphabet. Don't forget the SATs! I think it's safe to say that we all put in our blood, sweat and tears. But in the end we all worked hard and helped each other through it, showing our values of friendship and teamwork. Well, one thing is for sure, this has been a ride that I will be forever grateful for and will never forget. I just hope that the next ride we all begin will be as adventurous and memorable as this one has been. – **by Indira G, Y6 pupil at Kessingland Church of England Primary Academy**

Something that I will always treasure from Middleton are my memories from our residential trip to York in Year 5. I loved climbing the tower in York minster and the fact that everybody kept calling it the York minister. I loved going on the steam train. I loved going on the 3 mile hike the scenery was wonderful and you got to learn a lot about flowers. I loved crossing the river on the stepping stones and the story that Mrs Steel told us about 'Mr Steel and the stepping stones!'

Do you know what's good about Middleton? It's the way that you are welcomed when you join. I will take with me memories of all the people and friends I have met on my way through school. You feel that everyone is your friend here including staff. Teachers are good humoured and you get good banter! Teamwork is what does it – buddies, circle assemblies and special days.

I will remember all of the special events arranged for us every year! I love the singing for the Harvest, Christmas and Easter services. I have loved all the day trips to go with our topics: Gressenhall Victorian day, Cadbury World, Crucial Crew. I loved the welly walk when we raised so much money for farmers in Africa. I loved all the sporting events we have held in school and the way we are encouraged to work as a team and cheer all, not just the winners.
